

# Logging in

Logging in to your Show My Homework account means that you can gain access to account-specific information. As a parent, this means being able to view the homework set for your child or children.

You will also be able to view recovery PIN numbers which will allow your child or children to reset their password if they lose their details.

When first logging in to your account you will need to use your 9 digit PIN provided by school. You will then need to confirm a username/email address and password.
