

Assessment Policy 2019 - 2020

At St Monica's, the purpose of our assessment system is to inform and improve the quality of teaching and learning across the whole school. The assessment cycle enables us to collect data at key points throughout the year which tracks pupil progress. We will quality assure the process throughout, to ensure that data is accurate, clear and meaningful when reporting to pupils, parents, members of the IEB and other external agencies when appropriate. Pupils are given meaningful and timely feedback on their assessments so that they understand how to move forward with their learning.

As part of the assessment cycle, we send home progress reports each term on the dates below. Parents have the opportunity to discuss their child's progress with their class teacher at parents' evenings on the following dates:
