

AO3 – Designing a composition

You will be expected to create **at least 2** design ideas with experiments. You should also create a 3rd or developed/final idea – this could be improving one of your designs, combining 2 ideas together or a completely different idea altogether!

Exemplar materials

Photos of what you plan to Base your design idea/composition on with annotations

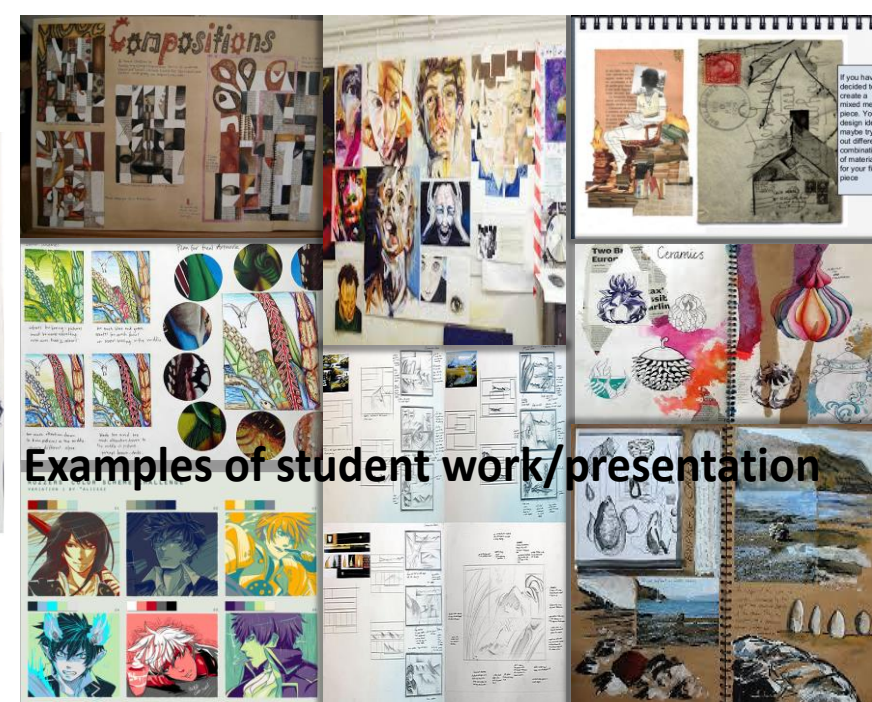

Samples of media you plan to use These must relate to this design

Sketches of the images you are using With annotation to describe your thoughts And the media you plan to use

A small version of what you want you idea to be like using the media You plan to use. Here you can also annotate WWW & EBI

Examples of student work/presentation

PRESENTING AO3 WORK

Option 1 EXTENDED OPTION –

Produce x 3 A2 sheets of work or A2/A1 sheet with good level of detail for each design

- Each design should have should have reference material, practice & thought processes e.g (see guide bottom left)
- a photo where the idea has originated from (artists work, image off the internet, your own photo)
 - Maybe a small sketched plan of the idea you have
 - Some media experiments to show you are tried out areas of the design & the media you plan to use
 - The design itself in the media you intend to use
 - Annotations to describe your thought journey
 - Include a title for each design page

Option 2 MINIMUM EXPECTATION –

Produce x 1 A2/A1 sheet of work that shows x 3 design ideas with annotations

- Each design should be A4 in size & in full colour/media, there should be some written annotation for each design & the sheet should have tile Design ideas
- Ideally you should include:
- a photo of where the idea has originated from (artists work, image off the internet, your own photo) – this gives context & links to your theme/chosen artists

AO3 planning template – Designing a composition

Add photo(s) here that you want to base this design on

Practice sketching different arrangements Use your photos for this

Have a go at creating the idea using The media you have suggested

Suggested design page layout

Propose the type of media you Want to use & for where in The design it will be used

Evaluate the success of this idea, what can you do to improve the Quality of this work in your assessment

Examples of student work/presentation

AO3 ANNOATION GUIDE

Write 1 paragraph for each design

Where the design originate from ie. From your own photos/ image off the internet & how that image links to the chosen theme of your project

Describe the media approaches you are planning to use, link this back to the way your artists work, what you have discovered when experimenting during AO2 & why you have decided this would be the best methods to use

Talk about how successful you feel each design is – how it reflects the work of the artists & the theme you have been working on, whether you need to practice some areas more, whether it has the potential to develop into a final piece
